Re: Special Agent Applicant File #67B-HQ- [Redacted]  
[Redacted]

Subject: Request for Information

Dear Acting Unit Chief Brice,

Applicant respectfully acknowledges receipt of the Acting Unit Chief's letter dated 7/1/09 discontinuing applicant's application. 

In the absence of a complete applicant file, and with his pending FOIPA requests filed 7/23/09 and 8/20/09 unresponded to, applicant has nevertheless developed information through use of techniques inspired by the Phase II written exercise, as applied to partial information and the Manual of Investigative Operations and Guidelines.

Based on information applicant has developed, applicant theorizes that the Acting Unit Chief's letter of 7/1/09 indicates an adverse suitability adjudication based on a believed inconsistent statement of the applicant, and no other basis.

In the alternative, applicant theorizes that the basis for the adverse action was believed criminal conduct, and no other basis.

At this time, applicant respectfully requests to be notified whether either theory is correct, and to be advised of any deadlines and methods required to appeal the determination. If incorrect, applicant seeks notice of which suitability factors formed the basis for the decision that was made and how the determination may be appealed.

Sincerely,

[Redacted signature]

cc: Applicant Coordinator
